

End Point Assessment Fees

Advance Assessments operates an open and transparent fee structure. Quoted fees are for the entire EPA process, with no extra charges. A registration fee of £25.00 per apprentice is paid before the EPA process starts.

Following payment of the registration fee, each apprentice will be allocated:

- an individual assessment area that enables upload of completed assessment documents
- a personal check-list that identifies what the apprentice needs to do in order to achieve pass, merit and distinction grades
- access to mock examinations (where included in the EPA) and assessment grading guidance

The fees quoted are for EPAs held online.
